CartCloser AI

Turning abandoned carts
into conversations.

OUR VISION

Every online shopper gets the help they need to finish buying.

PRODUCT

From abandoned cart to completed order

01 Cart left behind

Shopper exits checkout with a question still unanswered.

02 AI starts a helpful chat

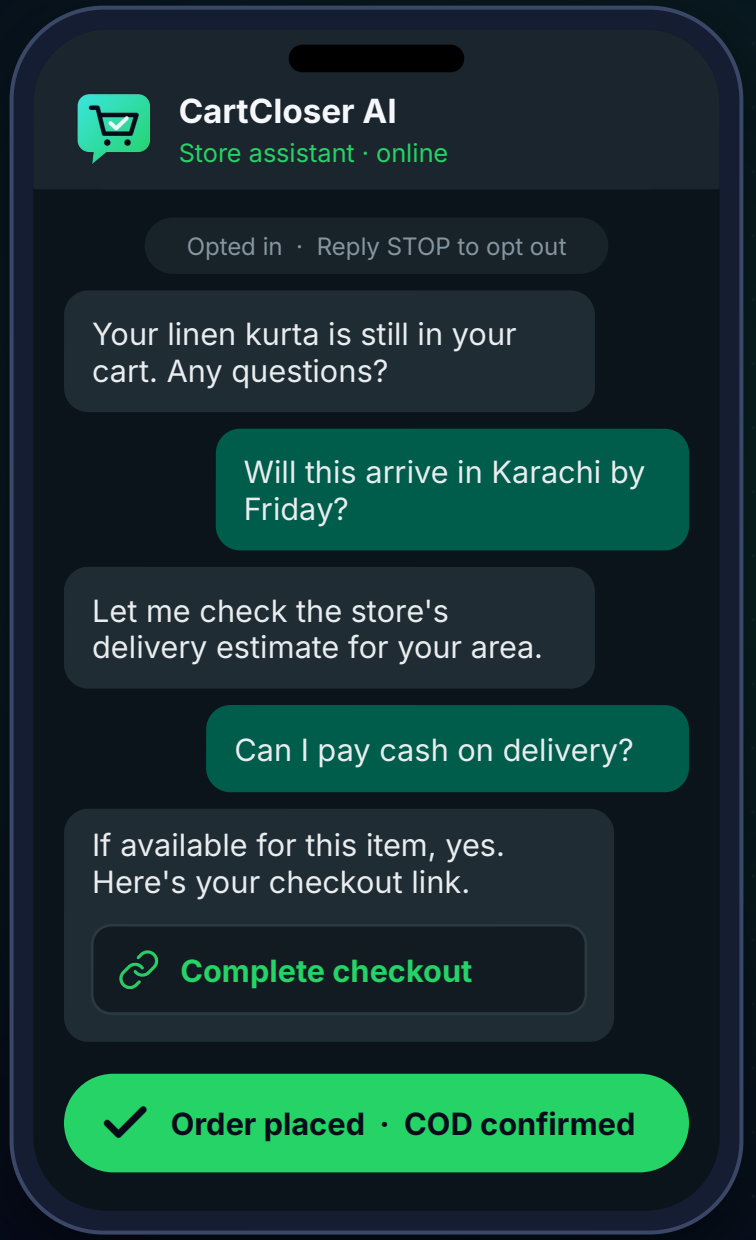

Only after valid opt-in. Answers size, delivery and COD questions in Urdu or English.

03 Customer checks out

Merchant-approved incentive if needed. One-tap checkout link or supported COD confirmation.

Merchant controls messaging + discounts

Helpful answers. Less friction. More completed orders.

WHY WE BUILT IT

The sale shouldn't end at a question

We help merchants recover opportunities from shoppers they've already attracted.

- Less checkout friction
- Designed for local buying habits
- Potentially fewer failed deliveries
